CONFIDENTIAL. No. 4678 (S)/XVIII-148(S)/48.

FROM

Shri S.P. Pande,
Under Secretary to Government,
Uttar Pradesh.

To

The Deputy Secretary to the Government of Bombay,
Public Works Department,
Bombay Castle,
(Bombay No. 1).

Dated Lucknow, Septr. 22nd '51

Subject:- Status given to the Dayal Bagh Diploma.

Sir,

With reference to your letter No. 7025/36-XXIV-E(J), dated February 2, 1951, on the above subject, I am directed to say that the Banaras University has no diploma course either in Mechanical or Electrical Engineering. In the circumstances the question of comparison of the status of diploma of the University with that of Technical College, Dayalbagh, does not arise.

I am however to add that the diploma awarded by the Technical College, Dayalbagh, has been recognised by the Uttar Pradesh Government for recruitment to Class II posts in the State Agriculture Engineering Service. The institute is however in receipt of a recurring grant of Rs. 25,000/ per annum from the State Government.

Yours faithfully,

Sd/-
2/9/51
(S.P. PANDE)
Under Secretary.

DCS 2351/82501.

P. W. D.
E. Br.

Pl. see the B.P.S.C's letter at p. 25 of C/S.(of file No. ABE 5251). That body has already been informed that the question of the Deptt. of Shri V.K.Patel and Shri J.C. Bajaj as Asstt. Engrs. (E. & M.), Bombay El. Grid. has been dropped vide G.L. No.7025/36-XXIV-E, dt. the 15-9-1951. The attention of the Commission may be invited to

that.....

that letter as per draft put up for approval.

2. The B.P.S.C. has been addressed for the advertisement of eight posts of Asstt. Engrs. (E. & M.) for the Bombay El. Grid, vide G.L. No. ABE 5251 E. dated the 14-9-1951, and G.L. No. 7025/36-E, dated the 21-9-1951.

3. Please see portion 'A' of para 1 of the B.P.S.C's letter at p. 175 of File No. 7025/36-XXIV recommending Shri J.C.Bajaj for apptt. to the post of Asstt. Engr. (E.&M.) Bombay Electrick Grid, and the H. M's note at pp. 186-187 of the same file (guidelined 'B'). Attention in this con. is invited to G.L. No. 7025/36-XXIB-E(I), dated the 2-2-1951. The Govt. of Uttar Pradesh have intimated that as the Banaras University have no diploma course either in Mechanical or Electrical Engineering, the question of comparison of the status of diploma of the University with that of Technical College, Dayalbagh, does not arise. That Govt. however states that the diploma awarded by the Techni. College, Dayalbagh, has been recognised by the Uttar Pradesh Govt. for recruitment to Class II posts in the State Agriculture Engineering Service and that the institute is in receipts of a recurring grant of Rs. 25,000/- per annum from the State Government.

It may be mentioned that the question of the appointment of Shri Bajaj as Asstt. Engr. ( E. & M.), B.E.G., has been dropped. However the question of the recognition of the diploma awarded by the Technical College, Dayalbagh, as equivalent to the diplomas recognised by this Govt. for purposes of apptt. to the posts of Asstt. Engrs. (E. & M.) under this Govt. may be taken up. The Elecl. Engr. to Govt. and the C.E., Bombay El. Grid may see the papers U.O. for remarks in this con. in the first instance.

4. On issue of the draft at pp. 29-31 of the c/s (of file No. ABE 5251), the papers will be refd. U.O. to the Elecl. Engr. to Govt. and the C.E., Bombay El. Grid.

Below U.O.R.No.DCS 2351/82501 dated the 10th October 1951, from Government in the Public works Department.

No. G 38/7732 of 1951.

Bombay, 11th October 1951.

Returned, with compliments, through the Chief Engineer, Bombay Electric Grid.

2. The amount of electrical engineering actually required in the last subject of agriculture-Engineering is very small indeed, and that much knowledge would not be sufficient for the work to be carried out by the Electrical Department. I am not aware of the standard of the Diplomas granted by Institutions outside the Bombay State. I would, therefore, be inclined to restrict the recognition of the Diplomas only of those institutions in the Bombay State which are already recognised by Government.

ELECTRIC GRID OFFICES.

Returned with compliments.

It.....

xixix It is rather difficult to assess the capability of an institution from its syllabus. For uniformity, it will be desirable if Government appoints a committee of competent engineers (Institute of Engineers, (India)) who may study the syllabus of all the engineering institutions and submit their recommendations to Government.

So far as I am aware, the equivalence is at present determined by the Public Service Commission. Government would perhaps like to obtain the opinion of Public Service Commission in this case.

P. W. D.

Submitted with ref. to this Deptt. u.o.r. dated the 10-10-1951.

2. The question under consideration is re: the recognition of the diploma awarded by the Technical College, Dayalbagh, U.P., as equivalent to the diplomas recognized by this Govt. for purposes of apptt. to the posts of Asstt. Engrs. (Ml. & Mechl.) under this Govt. It will be seen from the U.P. Govt. letter at p. 1 ante, that the holders of diplomas of the above refd. Institution are recruited for Class II posts in Agriculture Engrg. service of that Govt. In this con. the Elecl. Engr. whole remarks were solicited in the matter, states that the amount of electrical engineering actually reqd. in the vast subject of Agriculture-engineering is very small and that much knowledge would not be sufficient for carrying out the work in the El. Deptt. He is not, therefore, infavour of recognizing the diploma of the Mechl. College, Dayalbagh for the purposes of recruitment under this Govt.

The C.E., b.E.G., whose remarks were also called for, suggests that a committee may be appointed of competent engineers (Institute of Engrs. (India) who may study the syllabus of all the Engineering Institutions and submit their recommendations to Govt. He also suggests that the opinion of the U.P.S.C. may be obtained in regard to the equivalence of the Dayalbagh diploma to those recognized by this Govt.

3. Before considering the proposals of the C.E., b.E.G. it would be advisable to obtain the views of the Director of Technical Education as he is concerned with Mechl. studies. That officer may, therefore, be requested u.o. to offer his remarks in regard to the recognition of the Dayalbagh diploma by this Govt.

Below u.o.r. dated 22-2-1952 from the P.W.D. -

*******

Deptt. of Tech. Education

On going through the syllabus, I find that it is equivalent to the Diploma Courses in Mechanical and Electrical Engineering framed by the State Council of Technical Education and run at the various Engineering Colleges. These courses should, therefore, be recognised for all Government posts for which our Diploma Courses are recognised.

E. Br. P. W. D.

Submitted with reference to the O.N., of the 20-2-52.

2. The Dir. of Techl. Eden. states that the syllabus for the diploma courses of the Techl. College, Dylabagh, U.P., are equivalent to those framed by the State Council of Techl. Eden. for the Diploma courses in mechl. and Elecl. Engrg. run at the various Engrg. Colleges in this State. He therefore advises that the Dayalbagh Diploma should be recognized for all posts for which our Diplomas are recognized.

3. Diploma holders are eligible for the posts of Supervisors in the Ed1. Circle and in view of the difficulty in obtaining candidates with Degrees, the diploma holders are also being taken up in the posts of Asstt. Engrs. in the El. Grid. In view of the remarks of the Dir. of Techl. Eden., the El. Engr. to Govt. and the C.E., B.E.G. may be requested to u.o. to state whether the Diploma of Dayalbagh should be

*of recognised Engineering Institutions.

recognized.....

recognized for the purpose of recruitment under this Govt. to those posts for which diploma holders are eligible.

U.O.R. to the Elect. Engr. to Govt. (in succession)
G.E., B.E.G.,

dated 2-5-52.

-.-.-.-.-.-.-

Below U.O.R. No. DCS 2351 dated 2-5-1952 from the Government in Public Works Department, Bombay.

No. Ex. 1/5634

Bombay 16th September '52.

Returned with compliments through the Chief Engineer Bombay Electric Grid.

2. The Department of Technical Education has endorsed on page 13 that they have gone through the syllabus of the Diploma awarded by the Technical College, Dayal-Bagh, U.P. and that the same is equivalent to the syllabus of Diploma Courses in Mechanical & Electrical Engineering framed by the State Council of Technical Education of Bombay State. That Department has not tried to ascertain the extent and degree of Technical Training that is imparted in the Technical College under reference, which factors only can aid to express views on the recognition of the diploma by the State Government.

3. Equivalence of syllabus of two or more Institutions does not constitute that the order of training imparted in each institution is one and the same.

4. On this score, even the State Licensing Board has not yet recognised diploma courses of some of the Technical institutions recognised by the State Council of Technical Education as equivalent to the diplomas approved by the Licensing Board.

5.....

5. It is therefore submitted that the question of recognition of the diploma of Technical College, Dayal-Bagh, U.P. as equivalent to the diploma courses of the colleges run by the State Council of Technical Education of Bombay, should be referred to a committee of experts ( Institute of Engineers (India) ). On the strength of the remarks of the committee, further decision, may be taken.

Electric Grid Offices.

Returned with compliments.

2. I agree with the views expressed by the Electrical Engineer to Government in his U.o.r. No. Ex-1/5634 dated 16-9-1952. Outright recognition of a diploma based on the syllabus of an Institution may not prove conducive to the interests of Government. An intermediate check up of the training imparted in such an institution through a competent agency is quite necessary before the diploma is recognised.

3. The question of recognition of the diploma of Technical College, Dayal-Bagh may therefore, be referred to committee of expert engineers (Institute of Engineers (India)) as already suggested in my u.o.r. No. E-99/4503 dated 14-2-1952 and decision taken on the strength of the recommendations of the committee.

2. These papers relate to the proposal regarding recognition of diploma awarded by the Technical College, Dayalbagh, Uttar Pradesh.

The diploma granted by the above Institution has been recognised by the Govt. of Uttar Pradesh for the purpose of recruitment to Class II posts in the State Agriculture Engineering Service. The Director of Technical Education was requested to offer remarks as to whether a diploma in question can be considered as equivalent to diploma of recognised Institution. The Director states that the syllabus prescribed for this diploma is equivalent to the syllabus of the diploma courses in Mechanical and Electrical Engineering framed by the State Council of Technical Education. The Director, therefore, recommends that the same may be recognised for the purpose of recruitment to Govt. services. The El. E ngr. to Govt. and the Chief Engineer, Bombay Elec. Grid, state that the diploma in question may not be recognised merely on the basis of syllabus. It is necessary to ascertain the extent and degree of technical training imported by the Institution. Both of them, therefore, suggest that the matter may be referred to a committee of Engineers i.e., Institute of Engrs. (India) and then the question may be decided on its recommendation.

3. In this connection it may be stated that recently the diplomas granted by the following Institutions in the State have been recognised :-

(1) College of Engineering, Ahmedabad.

(2) B.V.B.College of Engineering and Technology, Hubli.

(3) Birla Vishvakarma Mahavidyalaya, Anand.

(4) Kala Bhavan.....

(4) Kala Bhavan Technical Institute, Baroda.

Moreover, the Government of Uttar Pradesh or the Institution has not made specific request regarding recognition of the diploma. It, therefore, does-not seem necessary to recognise the same at present. The question will be considered as and when the request is made by the Institution.
